BP20X-ALA 5GAL BP60X-ALA16GAL

The ATF Battery Operated Pump (BOP) from Macnaught is a useful addition to any workshop for dispensing Automatic Transmission Fluids. Developed specifically for use with ATF chemistry, the BOP ATF is available to suit most common 5 gallon and 16 gallon

container sizes.

The Macnaught BOP Powerhead fits all BOP Pump Stems - use your existing Macnaught BOP Powerhead to power Oil, Coolant and now ATF Pump Stems.

BOP20 & BOP60 ATF stems come with a 5 foot hose connected to an easy flow control nozzle. Both pumps include a unique red nozzle hook for easy identification.
